**CHAPMAN FACES NEW CHARGE IN FRACAS AT INN**

Clifford G. Chapman, 27, of Orrtanna R. 1, who was released from Lancaster county jail Tuesday after serving 45 days following a drunken driving charge, and was scheduled for appearance in Adams county court for sentence on a charge of aggravated assault and battery, faced a new charge today, one of malicious mischief, following his arrest early this morning at the Lee-Meade inn.

The charge was laid by Robert O. Dorman, manager of the inn, after Chapman is alleged to have broken a swinging door, damaged two coffee-makers and a toaster and smashed two panes of glass in a door at the inn. State police of the Gettysburg sub-station made the arrest.

**Lupp In Hospital**

According to the state police, trouble started at the inn about 12:45 a. m. Chapman was refused a drink, police said, and started trouble. Paul Lupp, 24, of 19 Breckenridge street, a taxicab driver, who is said by police to have attempted to get Chapman to leave the inn, received injuries which sent him to the Warner hospital. He suffered a cerebral concussion, sprained wrist and other injuries, the hospital said.

Chapman was also hurt in the fracas with Lupp, police said, suffering a bruise under his left eye, a cut on his nose and other facial cuts. He was scheduled for arraignment today before Justice of the Peace Robert P. Snyder on the charge preferred by Dorman. No charge had been filed by Lupp, authorities were said after treatment at the hospital.

The Orrtanna man, who last September gave his address as 134 South Washington street, was held for court on September 9 by Justice of the Peace John H. Baschore on the assault charge. He was scheduled to appear for sentence November 22, but was in jail in Lancaster on that date, after an automobile accident in which he was charged with being intoxicated and hitting five automobiles.

**To Be Sentenced January 31**

The prosecutor on the assault charge in September was Lupp, the same taxi driver Chapman is alleged to have injured early this morning. Chapman was alleged to have called for a taxi at the Panorama inn, and when Lupp arrived there. Chapman engaged in an argument, struck him and tore his clothing.

Although the charge on which Chapman was held for court has not been officially disposed of, authorities said, Chapman paid the costs of the action to Mrs. Emma Sheffer, clerk of the courts, Wednesday afternoon. They amounted to \$16.75. According to court records, he is scheduled to appear for sentence January 31.

Police said he has a record of previous arrests here.

**Old Pamphlet Recalls Xavier Fair To Liquidate School Debt**

Remember the "Xavier Fair" of 1900? Recollections of the event—in which Protestants and Catholics united in a week-long fair in November for the liquidation of the debt on St. Francis Xavier school were stirred today by the discovery of a copy of the "Xavier Fair Journal" published during the week of the fair. The publication, yellowed with the passage of the past 47 years, is the property of George F. Eberhart, Eberhart apartments.

The first and fourth pages of the pamphlet give part of the history of St. Francis Old school, the school building in the alley to the rear of the Catholic rectory on West High street which since has been used as a storage shed, garage and lately as both a garage and a meeting place for the Catholic Boy Scout troop.

Author of the history was M. F. Power who for 17 years, up to the closing of the old school in 1897, was principal and for much of the time the only teacher.

**Contest And Prizes**

Inner pages of the paper tell of the contests and prizes and carry a number of advertisements by local merchants. William McSherry, Charles Holtzworth, Penrose Myers and John Eberhart were judges for the contests, the paper discloses. It also states that the net receipts from the fair were about \$1,750. The G.A.R. band provided music throughout the week and in return the Xavier Dramatic Association on Friday November 23 in Xavier hall presented a four act comedy, "Strife," as a benefit for the band.

The Rev. T. J. Crotty, pastor, used the columns of the Xavier Fair Journal to state that "The rector hereby extends special thanks to the G.A.R. band for the music furnished during Fair week. May this organization long continue, to win new laurels for themselves and for their town, and may their forthcoming benefit pack the hall and fill to overflowing, the coffers of their treasury."

The physical evidence of the Christmas season, the trees, branches and greens, will go up in smoke at a community Christmas tree burning to be held under sponsorship of the Junior Police club at 8 o'clock.

Residents of the town who wish to do so were carrying their trees to Codori field, where the burning is to be held, while others are waiting for the Junior Police who plan to visit every section of town between 4 and 5 o'clock this afternoon to pick up the trees left for them on sidewalks in front of homes.

A truck donated by Roy C. Coldsmith, North Stratton street, is to be utilized in the gathering of the greens by the Junior Police.

2 LOCAL GIRLS IN FLOOD AREA; BELIEVED SAFE

The Misses Margaret L. and Anna Catherine Hoffman, daughters of Mr. and Mrs. Ray M. Hoffman, Howard street, are in Portland, Oregon, doing welfare work. No word has been received from them since the floods struck the northwestern states but reports do not indicate serious difficulties in Portland. The young ladies recently returned from Red Cross service and left for the northwest about six weeks ago.

(By The Associated Press) West lowland areas of Oregon, Washington and Idaho were inundated today as flooding rivers swept through widely scattered valleys of the Pacific northwest states.

Five persons have drowned in Oregon, where damage will be in millions of dollars.

2,000 Are Homeless The populous Middle Willamette Valley of Oregon braced for crests of six to eight feet above flood stage as the Willamette River receded from upper valley sectors where some 2,000 are still homeless near Eugene.

Rich farmlands and the cities of Corvallis, Albany and Salem, the state capital of Oregon, face the cresting floods today and tomorrow on top of rising waters that already have severed highways and isolated scores of villages.

Normal transportation services are reduced to an uncertain trickle. Trains are behind schedule, buses are unable to complete terminal to terminal runs and motorists have been ordered off many highways.

In north Idaho, students of the University of Idaho at Moscow were driven from a veterans' village. At Princeton, the water was two feet deep in the main street last night. Cattleman near Potlatch were driving livestock out of the valleys.

Elberton Is Isolated Elberton, Wash., was isolated when a bridge was flooded over. At Pullman, Wash., all male students of Washington State college were working on dikes around a veteran's trailer village where 300 students and their families live.

Most of the stricken area in Oregon centered around Eugene, where the river and tributaries are now receding rapidly.

The seven days of continuous rain, which brought on the sudden flood, had not entirely subsided, but the weather forecast was for lighter rains.

Blackwell Signs For \$25,000 With Reds Cincinnati, Jan. 8 (AP)—Ewell Blackwell, the whip-armed right-hander who put together 16 straight wins—including a no-hitter—in winning 22 and losing eight games for the Cincinnati Reds last season, today was under contract for the 1948 campaign, at a salary that may exceed \$25,000.

Reds' President Warren Giles announced yesterday that the limber six feet five-inch pitcher from San Dimas, Calif., had accepted terms and, although the front office boss always keeps the payroll a family secret, it was the consensus of sports writers that Blackwell thus became the highest paid of the hired help—including Manager Johnny Neun.

One source close to the club's master minds and players guessed Blackwell's new salary at \$25,000. Another said \$27,000. Field Pilot Neun, they figured, will pull down between \$15,000 and \$20,000.

Rumor Yovicsin May Join Bullet Staff A report current that Johnny Yovicsin, former Gettysburg college athlete and now coach at Middletown high school, will become a member of the Gettysburg college coaching staff, brought "no comment" from Dr. Henry W. A. Hanson, college president, today.

Yovicsin, who has been very successful since becoming coach at Middletown three years ago, has also refused to comment on the report. His current basketball team is undefeated in seven games.

PUPILS HEAR LOCAL BANKER

Students of the Littlestown schools were urged to take advantage of the school savings program in a talk presented Wednesday afternoon at the Littlestown high school by Edmund W. Thomas, president of the First National Bank of Gettysburg. Speaking on "Thrift," the local banker told the students that "habits of thrift not only build character and responsibility toward family, society, the community and state, but also build good citizens. Thrift is the basis of all industry, agriculture, science and research and is the basis for higher standards of living for all."

"While thrift may not seem glamorous, it actually is the one way by which finer things can be made possible for all," the banker added.

"The school savings plan starts habits of thrift and economy which carried into adulthood can lead to the more abundant life." He also stated that "the Gettysburg schools have made an excellent showing in connection with the school saving program which is sponsored by The First National Bank."

An invitation was read from Greencastle firemen to attend an open house "Fireman's Night" on Wednesday, February 11. Action was tabled until the February meeting.

Gov. Folsom Bars Dailies' Newsmen

Montgomery, Ala., Jan. 8 (AP)—Reporters for Alabama's daily newspapers today were barred indefinitely from attending Gov. James E. Folsom's regular press conferences.

The governor's orders, released yesterday through his executive secretary, O. H. Finney, said only representatives of news wire services and weekly newspapers henceforth would be admitted.

Any comment other than made at the press conferences will be released in statement form, Finney said. The press conferences will be held once or twice a week, he added.

No reason for the order was given. Folsom repeatedly charged the state's daily newspapers printed "lies" about him during his campaign against a proposal to permit the legislature to convene itself without a call by the governor. The amendment was rejected at a special election Tuesday.

But Thad says, no, his feet hurt! Begon to cause unpleasantness in Thad's home. Then Bill Webster comes up with an idea. ## BULLETS UPSET DICKINSON FOR 57-45 TRIUMPH

Coach "Hen" Bream's Gettysburg college basketball team hit its top performance of the season Wednesday evening when it upset the favored Dickinson college quintet 57-45 on the college court before an overflow crowd of approximately 1,300 fans.

The greatest single contribution to the victory was turned in by Dick Fidler, scrappy little Bullet guard, who completely bottled up Johnny Hopper, Red Devil scoring ace. Fidler limited Hopper to a single field goal and four fouls until he was removed in the final period when Coach Bream made wholesale substitutions. The ex-Gettysburg high had landed 11 points while holding Hopper well in check.

Ability to secure the ball beneath the hoops despite the presence of two six-foot five-inch Dickinson giants was another big factor in the Bullet triumph. Harry Pure landed 17 points to be high scorer for the Bullets, most of his seven goals coming from backboard retrieves.

### Visitors Lead Once

Only once in the game did Dickinson hold the lead, that being in the first period when a pair of fouls by Hopper sent the Red Devils ahead 7-5 after about six and one-half minutes of play. Boehner's goal just before the period ended put the Bullets in front 8-7.

Bobby March contributed nine points in the second period to pace the Bream-men to a 25-19 margin at half time. Pure, Fidler and Akers contributed the remaining points while Pooley, Hopper and Evans produced Dickinson's tallies.

Early in the third period the Bullets boosted their margin to 34-20 and it was evident then the Bullets were on the way to victory. At the end of the third round Gettysburg led 40-32.

Near the middle of the final period the Bullets held a 54-38 advantage and at that stage the reserves took over. In the final minutes Hopper landed two long shots and a pair of fouls to bring his total to 12 for the evening.

### Frosh Impressive

The victory marked the third in four starts for the Bullets. Boehner, Gorman, Nowak and Ogden were steady performers, especially underneath the hoops.

In the preliminary game a very promising Bullet freshman team won handily from the Dickinson frosh 68-50.

Although definitely showing the need of more work, Coach Leroy Bloomingdale's boys clearly indicated they possess the ability of developing into a classy outfit. Particularly impressive in the opener was Belber who in addition to playing a steady floor game contributed nine tallies. Plechner and West looped 15 and 13 points, respectively, to spearhead the assault.

### Lehigh Here Friday

Lehigh university's powerful veteran team will come here for a game Friday night.

There will not be a preliminary game.

## Cleveland Swamps Hershey Bears, 12-1

(By The Associated Press)

The Buffalo Bisons moved into a tie with Pittsburgh for the Western division lead in the American Hockey league last night but had to share the spotlight with New Haven, which also climbed a notch, and Cleveland which went on a scoring spree.

Buffalo defeated Pittsburgh, 4-2, at Buffalo in a rally that collared the team that's led since the start of the season.

The New Haven Ramblers tumbled the Eastern division leading Providence Reds, 6-5, in a wild game at Providence. Cleveland's Barons equaled their all-time scoring high of 19 years in humbling the Hershey Bears at Cleveland, 12 to 1. It was the first victory for the Barons over Hershey in nine tries.

Pete Leswick scored four goals for the Barons, two of them only 39 seconds apart in the first period. Leswick also had two assists for an evening's total of six points.

## LASALLE, MULES CAGE WINNERS

(By The Associated Press)

Duquesne scored basketball victory number nine of the current season last night and LaSalle came through with its eighth win to continue their battle for the state's college court crown.

LaSalle was forced to come from behind against Lafayette at Easton, scoring five points in the last five minutes to win 43 to 39 in a nip-and-tuck battle. LaSalle went into the second half leading by two points, 21-19.

Duquesne got off to a late start but came back in the last half to hammer out a 53-39 victory over Albright. John Barry led the scoring for the winners, racking up a dozen points.

Muhlenberg, another strong contender for the state's basketball title, defeated Lehigh 80-36 in the 55th renewal of the series between the two rivals. It was the Mules' 28th win of the chain.

In another renewal of an old rivalry, Gettysburg won over Dickinson 57-45 at Gettysburg despite a Dickinson rally in the third period.

Juniaia won over Hartwick 66-46. Rhode Island State defeated Bucknell 99-71. Penn State swamped American 45-25. Villanova had an easy time with Fort Dix 99-39. ## REVIEW NAVY'S SPORTS PICTURE

Annapolis, Md., Jan. 8 (AP)—The Navy, which has watched its Middle football team flounder in the doldrums for the last two seasons, has called in a group of star athletes of other years to look over the while sports situation at their old school.

The word is that the eight-member panel convened this week by Rear Adm. James L. Holloway, Jr., Academy superintendent, will spend most of its time going into the pros and cons of the navy policy of periodically assigned officers to a tour of duty at Annapolis as football coach.

The system has been under criticism for some months, and the question was pushed out into the open recently by Adm. Jonas Ingram (Ret.) former academy director of athletics.

Ingram, now head of the All-America professional football conference, said that under the present-day competitive setup a graduate coaching system doesn't work. He recommended the Navy retire Capt. Tom Hamilton, now coach at Annapolis, and rehire him as a civilian coach.

Navy carries one of the country's toughest football schedules. Playing such teams as Notre Dame, California, Georgia Tech, Army, Pennsylvania and Penn State, the Middies have won but two games in the past two seasons.

Allentown, Pa., Jan. 8 (AP)—Allentown Central Catholic high school has been accepted as the fifth member of the Eastern Pennsylvania Basketball league, League President Phil Phillip announced last night. Allentown Central Catholic application for admission was approved unanimously by representatives of Bethlehem, Hazleton and Pottsville at a meeting here, while Easton high sent word of its approval. The Catholic school will play the other league members both at home and away, but will not be eligible for post-season playoffs in the event it wins the league title. The team finishing in second spot will represent the league in such case, the delegates decided.

## SANITY CODE FACES LACK OF ENFORCEMENT

By WILL GRIMSLEY

New York, Jan. 8 (AP)—The NCAA's "sanity code" starts through the final mill today with athletic chiefs freely predicting its approval but many of them foreseeing failure in the "accomplishment of its aims."

"You can't enforce it," one prominent coach said. "Many will vote for the code while figuring ways to beat it."

Such expressions as "just a scrap of paper" and "rules without teeth" were bandied about as the National Collegiate Athletic Association's executive committee prepared to dig into the code today.

The code, a group of proposed constitutional amendments designed to curb athletic subsidization, will be placed before the entire NCAA membership Saturday. Indications are it will meet only scattered and no organized resistance.

In the major meeting yesterday the rules committee of the American Football Coaches Association decided the football game is fine as it is and recommended no major changes.

The group, headed by Coach Lou Little of Columbia, suggested two minor alterations in rules: (1) After a second successive out of bounds kickoff, the ball goes to the receiving team ten yards in front of the kick instead of on the kicker's 40; (2) when a player is injured the fourth time out in a half, only the injured player can be substituted for without a penalty.

The coaches turned down proposals for elimination of the extra point, abolition of the free substitution rule and making the T-formation quarterback eligible for a pass when he's not a yard behind the line of scrimmage.

## CANNERS TRIP ST. FRANCIS 5

A field goal and a foul toss by Welker in the final minute of the game gave Biglerville high a 40-37 verdict over St. Francis Prep on the Spring Grove High school floor Wednesday night.

Welker scored 16 points during the entire game, 14 during the last half. The lead saw-sawed back and forth all through the game with St. Francis taking a three-point margin as the third period ended. However, Biglerville fought back and tied the score in the final minute to set the stage for Welker's important points.

Jim Breen paced St. Francis' attack with 15 points.

In the preliminary affair between the reserve teams, St. Francis gained a 21-15 decision.

Wilkes-Barre, Pa., Jan. 8 (AP)—Bill Norman, manager of the Wilkes-Barre Barons in the Eastern Baseball league, has signed a 1948 contract. Norman, who put his signature on a contract yesterday, will be one of the league's few holdovers, with most clubs introducing new pilots next season. He reportedly received a boost in salary for 1948 after leading the Barons to third spot last year.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Jan. 8 (AP)—The business of buying and selling the Detroit Lions seems to have cooled off a bit since the syndicate that was trying to make the purchase offered Freddie Mandel just about half what he paid for the franchise. . . . But if they try to use the possibility of taking Briggs stadium away from the Lions as a threat, Mandel likely won't go for it. . . . He had a deal on fire about five years ago to enlarge the U. of Detroit stadium to 40,000 capacity and move in there on a long-term lease and the university probably would be quite interested in renewing those negotiations. . . . The reason the coaches' football rules committee voted a slight change in the free substitution rule in the case of players injured after a team had used up its time outs was, of course, that a lot of the coaches were cheating a bit with faked injuries. . . . And that prompted a cynical baseball coach to remark, "Well, aren't all rules made to be broken?"

### SERIOUS BUSINESS

While a mob of football men, and others, were waxing convivial at one of yesterday's social events, Bob Woodruff, Baylor coach, looked them over and drawled: "Look at all those football coaches there, laughing, shaking hands and being the best of friends. And if a good left half-back walked in, there'd be the gosh danged fight you ever saw."

### ONE-MINUTE SPORTS PAGE

Keeping up with the lobby rumors at the NCAA sessions, Howie Odell, who has been mentioned for almost every vacant job, has talked with Washington and West Virginia representatives but hasn't made any move to leave Yale. He's just a willing listener. . . . Herb Kopf, 11 shopping around for a football job after a season in the press box, might be interested in the pro Dodgers post but hasn't asked for it. . . . Add Frank Leahy rumors: That he's interested in a pro club with the idea of buying enough stock so that he wouldn't be fired as coach after a poor season. . . . The thought behind the Bears trading their

## Today's Talk

**CATALOGUES**

I am an addict to catalogues! Being a lover of literature, many such catalogues come to me almost daily from many parts of the world — and how revealing they are, almost an education in themselves. Almost every phase of life is represented in these various books that come to my desk — "a catalogue, a thing that cost nothing, a thing rescued possibly from the wastepaper basket — may be more stimulative of pleasant thought and fancy, may launch the mind on longer and more eventful voyages across the seas of memory, than can many an expensive and well-bound book."

That latter quotation is from a lover of books, who has expressed the thought far better than I am able to do. I have hundreds of catalogues that I have saved, and I consult them for many a steer to a stimulating book, or incident in history, art, science, and literature.

Catalogues are always informative, as well as fascinating. And you often discover illustrations that could only be found in an expensive treatise, or in one most difficult to find anyway.

Lovers of flowers devour their catalogues. So do stamp collectors! "Dark velvety crimson, with fiery red centre, perfect form, handsome foliage," says the flower seed catalogue genius, himself all aflame with enthusiasm for his product. "In mint condition, with a dust wrapper, one of the rarest copies in existence to be secured thus — as though printed yesterday." So says the catalogue compiler of rare books.

When you carelessly toss away that catalogue that comes to you, you may, indeed, be throwing away knowledge — knowledge that might later prove of great value. So, I would say: Spare that catalogue. Tear not a single leaf from its body. Look within — and learn, a gift of free knowledge. I note where many an early book catalogue is now being offered, and eagerly bought, at many an auction room. Even a poor man is rich with a book catalogue! At least in imagination.

Tomorrow Mr. Adams will talk on the subject: "Paths."

**NOT SUCH A FOOL**

At times I think some foolish thoughts and foolish things I say,  
But I would never choose to live my life the Russian way.  
Nor for a minute should I think that life could happier be  
Neath any rule than that of ours where all have liberty.

I know I have a simple mind and have a foolish heart,  
From many a blunder I have learned that I'm not very smart.  
But foolish as I often am, I'm not the sort of fool  
That thinks he would be better off 'neath any tyrant rule.

My friends, much wiser than am I, with pity often smile  
Because so easily I fall when salesmen shrewd beguile,  
But there's no schemer who could sell the foolish thought to me  
That under Stalin's iron rule my life would happier be.

## "LEFT-WINGER" LABEL PINNED ON PRESIDENT

By JACK BELL

Washington, Jan. 8 (AP)—Republicans pinned a political "left-winger" label on President Truman today as they set out to counter his state of the union proposals with their own laws making program in preparation for next November's ballot battles.

But Senator McGrath of Rhode Island, chairman of the Democratic National committee, replied that the President has offered "a business-like, practical program of progressive liberalism."

Senator Taft of Ohio, an announced presidential candidate and chairman of his party's policy committee in the Senate, will take to the air tonight (ABC-9:30 p. m. EST) to compare Republican ideas for new laws with those of the President.

**Charge "Politics"**

Taft, who drew criticism from some Republican colleagues for his attack last November on Mr. Truman's 10-point anti-inflation program, said he plans "a dispassionate discussion" of the differences between the GOP and Democratic objectives.

Amid cries that the President's proposal for a \$40 a year "cost of living" tax cut for each taxpayer and dependent was purely political, even some Republicans conceded that Mr. Truman may have made hay with individual voters while taking a poke at corporations.

The President asked that business taxes be boosted \$3,200,000,000—to keep federal revenues at their present levels despite the proposed income tax slash.

**"Cold" Reception**

Taft is expected to reiterate Republican opposition to the compulsory price-wage and rationing controls for which Mr. Truman asked indirectly in a 43-minute message received by the lawmakers yesterday in a silence broken only six times by scattered applause.

In the first 25 minutes, while he was discussing the social welfare legislation he said Congress should enact to elevate living standards at home, there wasn't a single hand-clap from his listeners. He first broke the ice when he promised to enforce the Taft-Hartley Labor Act despite his dislike for it.

Rep. Robinson (R-Ky) said the message got "the coldest reception of any I've heard in nearly 25 years."

The President's proposals for such

## Ex-Candidate Is Sued For Libel

Philadelphia, Jan. 8 (AP)—Richard Dilworth, Democratic candidate who was defeated in his Philadelphia majority campaign last fall, is charged with criminal libel in an action filed by a city employee.

John Schavo, chief clerk of the board of magistrates, charged in his suit filed yesterday that publication of an article written by Dilworth subjected Schavo to "public hatred, contempt and ridicule."

**ASK WAGE "FREEZE"**

Philadelphia, Jan. 8 (AP)—The Philadelphia Chamber of Commerce has requested more than 2,000 industrial firms in this area to "take all steps to halt the succession of wage and price increases" to forestall an "inevitable crash." Clarence Toland, chamber president, mailed letters yesterday urging members to reduce prices "wherever possible and as soon as possible."

welfare legislation as national health insurance touched off Republican contentions that he is attempting to "out New Deal the New Deal," as Senator Jenner (Ind) put it.

House Speaker Martin (Mass) commented that "the left wingers of the Democratic party must have prompted the message."

Even a Democrat, Rep. Whitten (Miss) said he considers the message "rather to the left," but Mr. Truman's proposals were stoutly defended by many of his party members besides McGrath.

The Democratic chairman said the program "rises above partisan political considerations." He added that the President "demonstrated high moral courage in his frankness in dealing with unpleasant ailments in our society and in offering cures that are based on no easy rabbit-in-the-hat miracles but on hard work and sacrifice."

**Charge Appeasement**

Led by Rep. Halleck, House majority leader, Republicans chorused that the President "demonstrated to appease" Henry Wallace. Halleck said the message was "a purely political document designed to out-Wallace Wallace and hold Mr. Truman the radical wing that controls the Democratic party."

Republicans generally sailed into Mr. Truman's request for standby price-wage and rationing authority, which he made only indirectly by asking again for enactment of the 10-point program he sent to the special session of Congress.

But Senator Myers (D-Pa) said he fears that unless such controls are granted by next summer "prices will be completely out of hand."

The average American in 1947 used human food at the rate of 3,400 calories daily.

## DISABILITIES IN CIVIL LIFE HIGH

Pittsburgh, Jan. 8 (AP)—Dr. Howard A. Rusk, of New York University, says that while the progress of physical medicine and rehabilitation has centered on the disabled veteran, the number of civilian disabilities is far greater.

Addressing a meeting of the Council of Medical Social Service here yesterday, Dr. Rusk declared there were only 19,000 amputations among soldiers in World War II as compared with 120,000 major amputations among civilians in the same period.

He added that 15,000 soldiers were blinded in military service while 60,000 civilians lost their sight during the war years; and cited statistics to show that 1,250,000 persons were permanently disabled by industrial and highway accidents as compared with 265,030 injured in combat.

Disabled workers, once they have been properly placed, make better workers than those not physically

# 1947 A YEAR OF SPORTS IN PICTURES 1947

— BY THE ASSOCIATED PRESS —

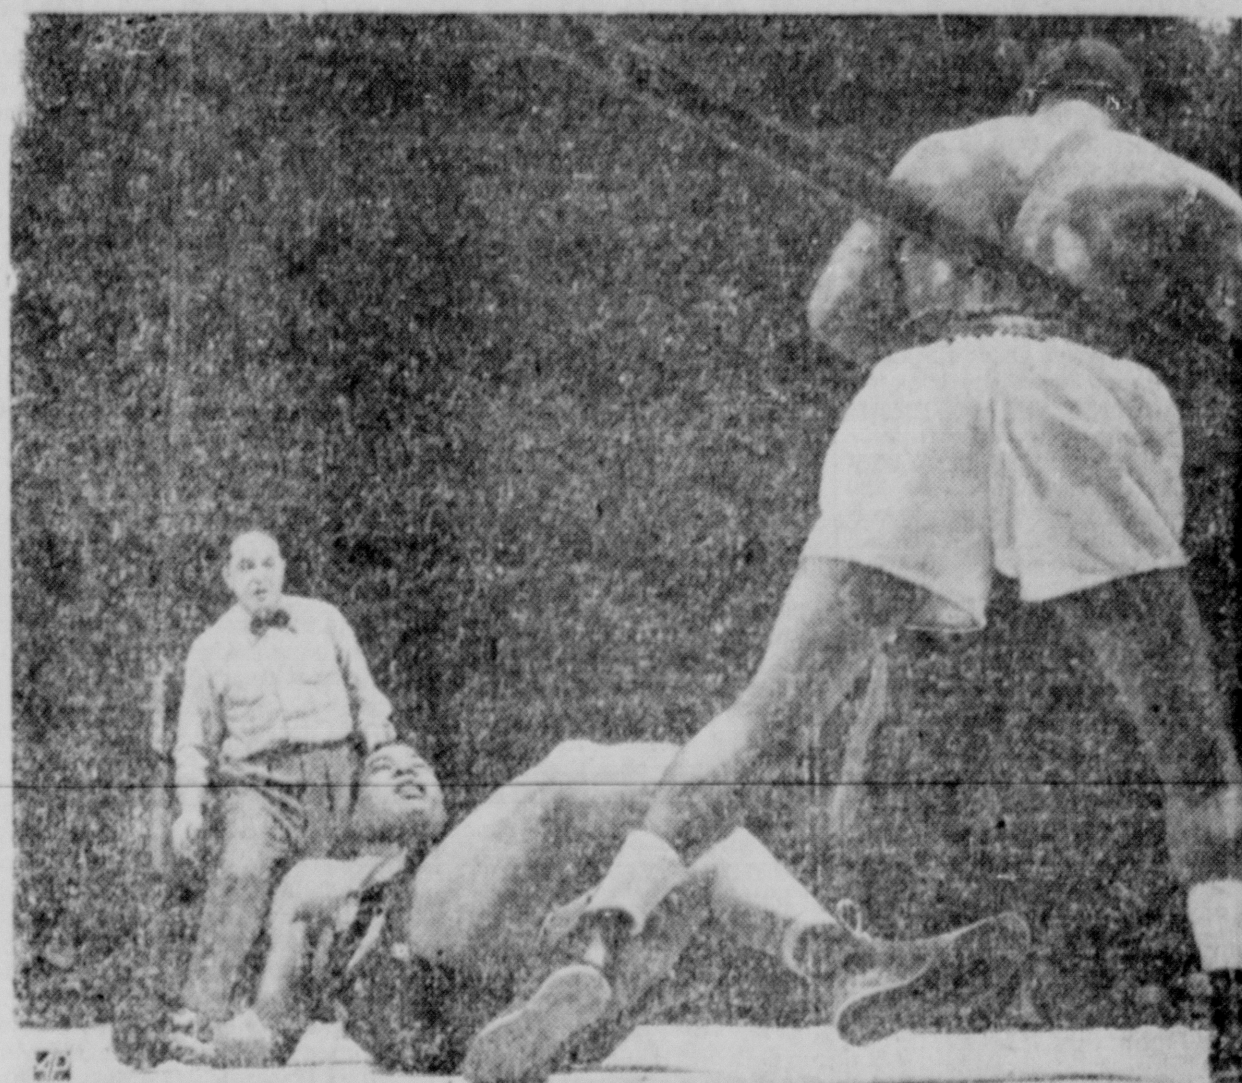

**NO. 1 TEAM IN ACTION** — Notre Dame, closely pressed by Michigan, was rated No. 1 football team. Here All-America Johnny Lujack (arrow) passes successfully against Purdue.

**LEADER** — Jockey Johnny Longden, (above) whose 180 winners collected \$981,977 in 1947, had a big year in 1947. With all the returns still not in, he had set a new mark for winners in a year as his total soared well past the 300 mark.

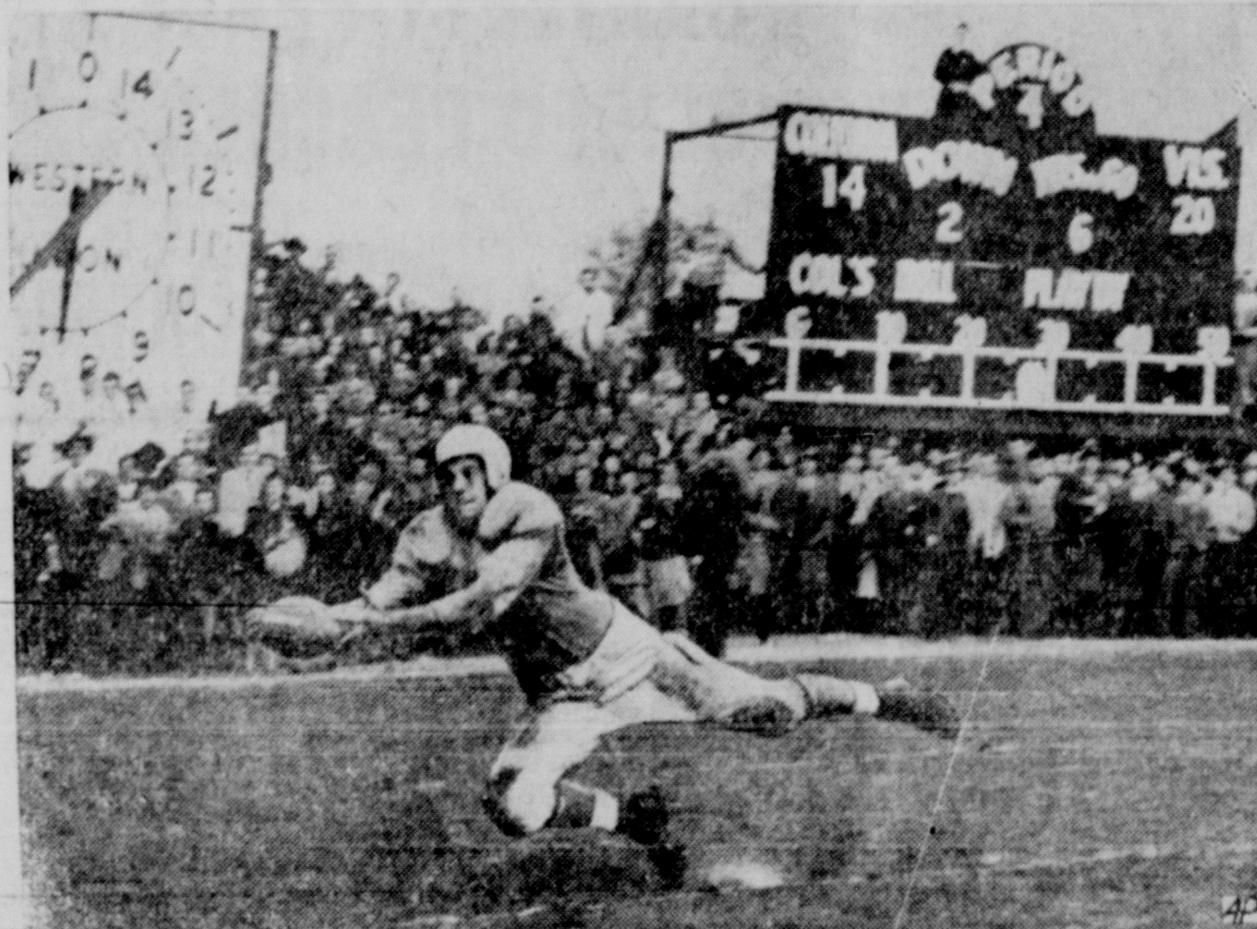

**SWIMMER** — Ann Curtis (above) of San Francisco set a fast pace during 1947 for the girl swimmers. She won the AAU outdoor titles at 100, 400 and 800 meters, as well as capturing the AAU indoor events at 100, 220 and 440 yards.

**PISTIC FIREWORKS** — Jersey Joe Walcott startled the sports world by flooring Champion Joe Louis twice in losing a split 15-round decision. This knockdown was in the fourth.

**RUGGED FIGHTING** — Rocky Graziano, (right) one eye closed, shakes up Tony Zale with a stinging right in their middleweight title bout in Chicago, which ended with Rocky a TKO winner in the sixth round.

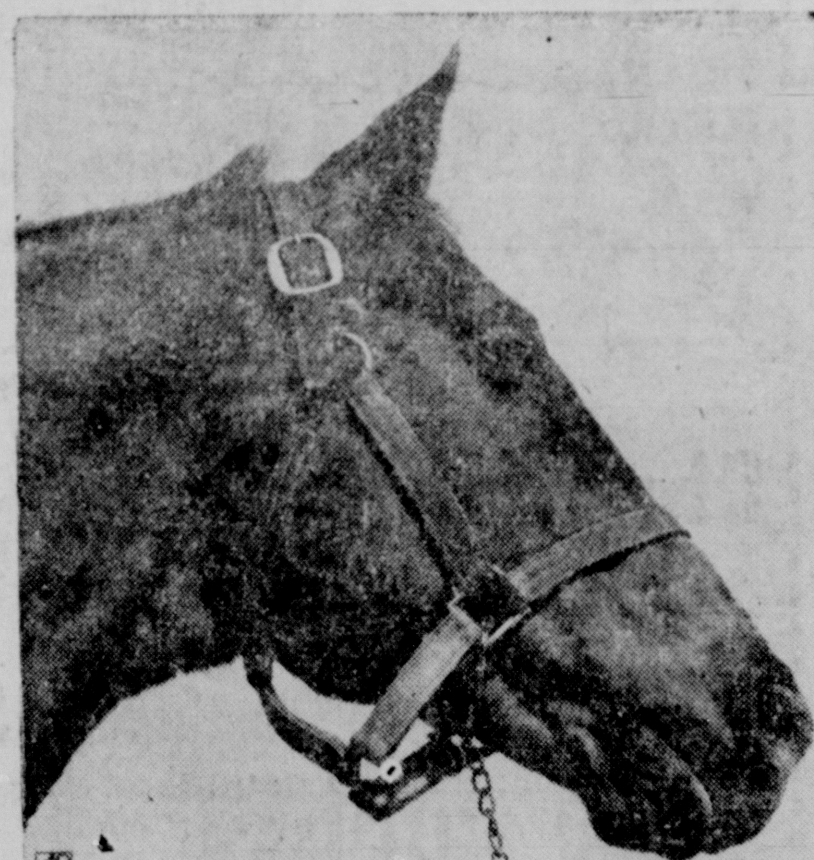

**GLUE-FINGERED CATCH** — All-America Bill Swiacki of Columbia made this sensational catch of a forward pass to spark the Lions' upset defeat of Army, 21 to 20.

**ROOKIE** — Jackie Robinson, (above) voted the rookie of the year, became the first Negro to play in the major leagues and starred for the Dodgers in the World Series.

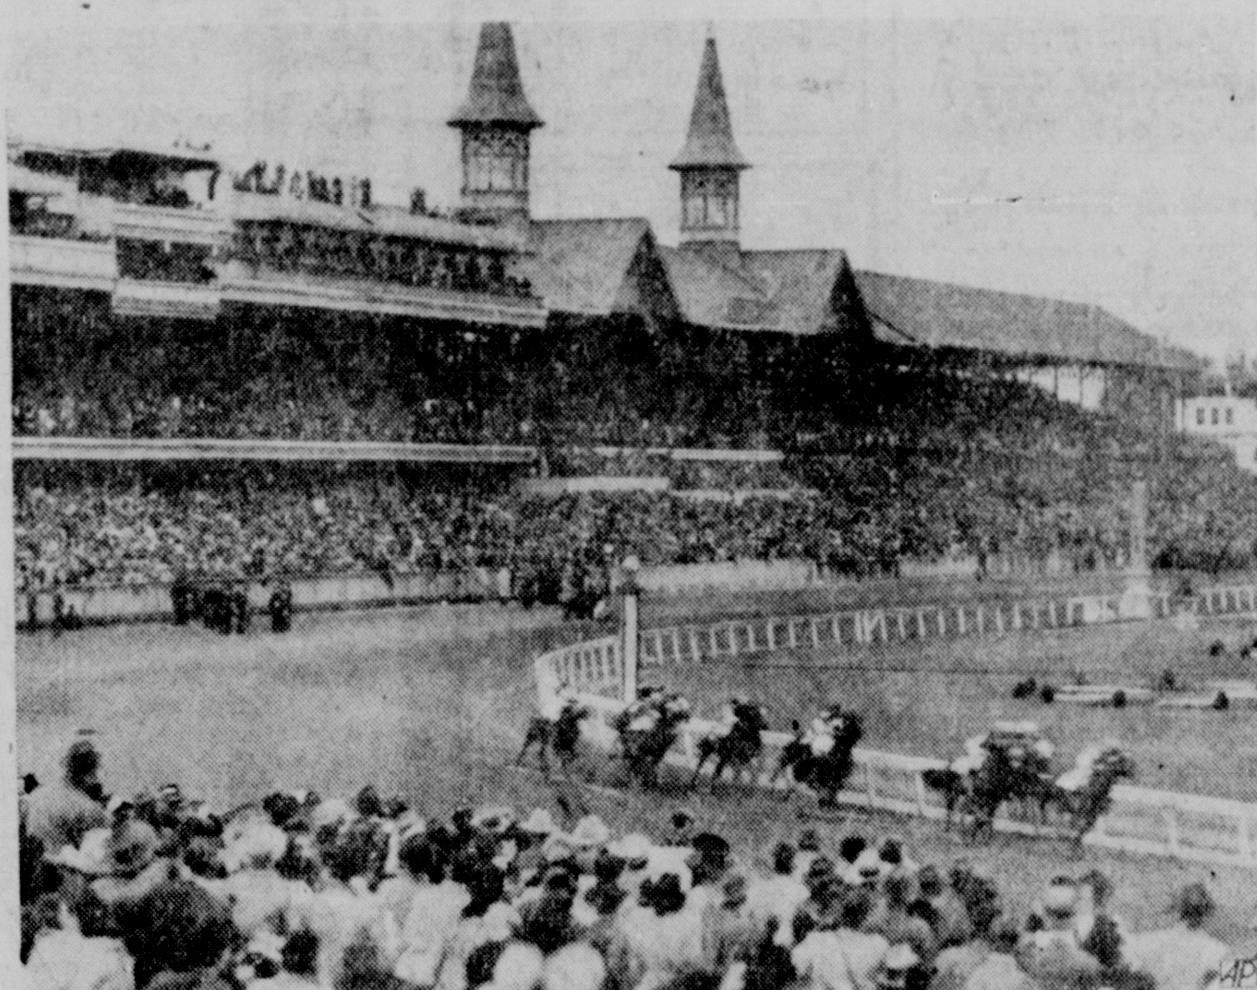

**PINCH-HIT HERO** — Dodger Manager Burt Shotton hugs Cookie Lavagetto after the latter's pinch-hit double won the fourth World Series game, 3 to 2. But the Yankees came back to take the see-saw series in seven games.

**THOROUGHbred DIES** — Man o' War, famous race horse shown above on his 30th birthday last March 29, died on Samuel D. Riddle's Faraway Farm at Lexington, Ky., Nov. 1. Man o' War was beaten only once in all his races.

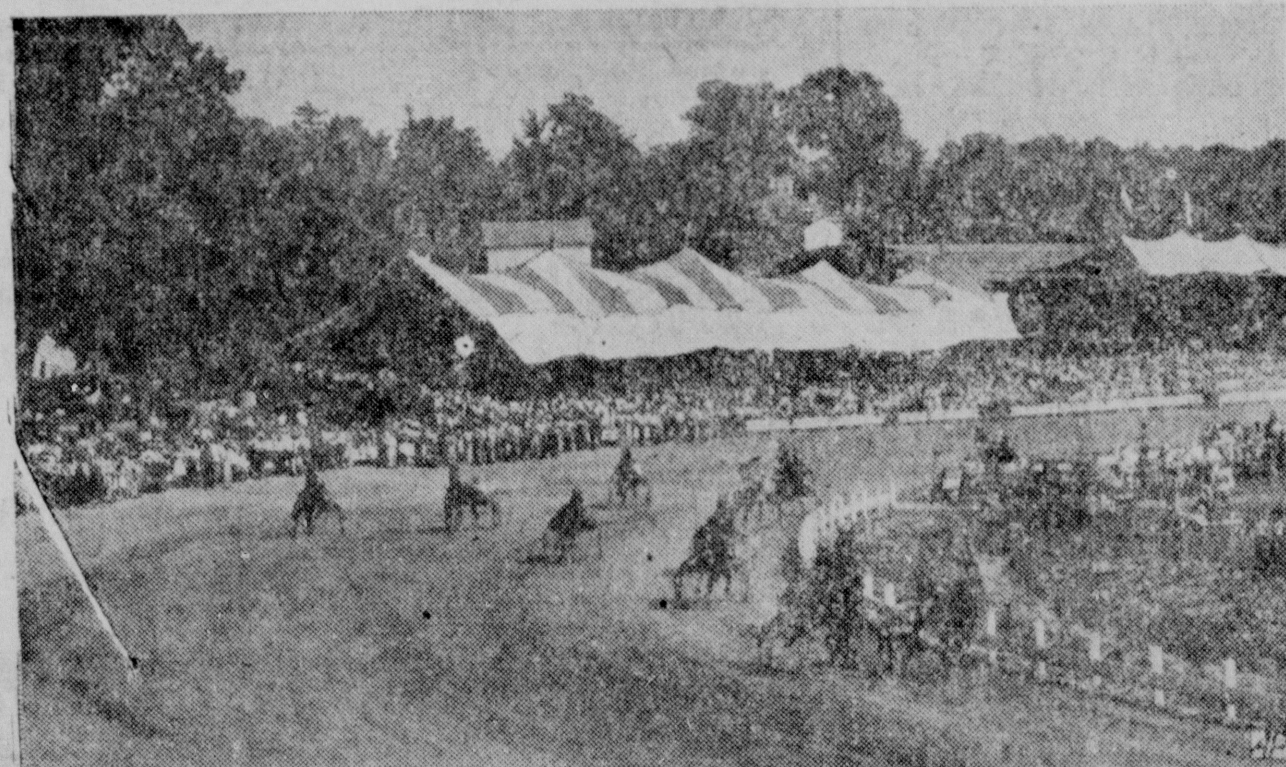

**INVADER** — Bobby Locke, (above) South African golf pro, had a big season on this side, winning the Goodall, Tam o' Shanter and Canadian open tournaments.

**KENTUCKY DERBY** — Before a huge crowd at Churchill Downs, Jet Pilot, the ultimate victor, leads the field around the clubhouse turn in the 1947 running of the Kentucky Derby.

**SERIES SPECTATORS** — Leo Durocher took a one-year leave from managing the Brooklyn Dodgers, thanks to Commissioner A. B. Chandler's suspension order, but saw the series with his actress bride, Laraine Day (above).

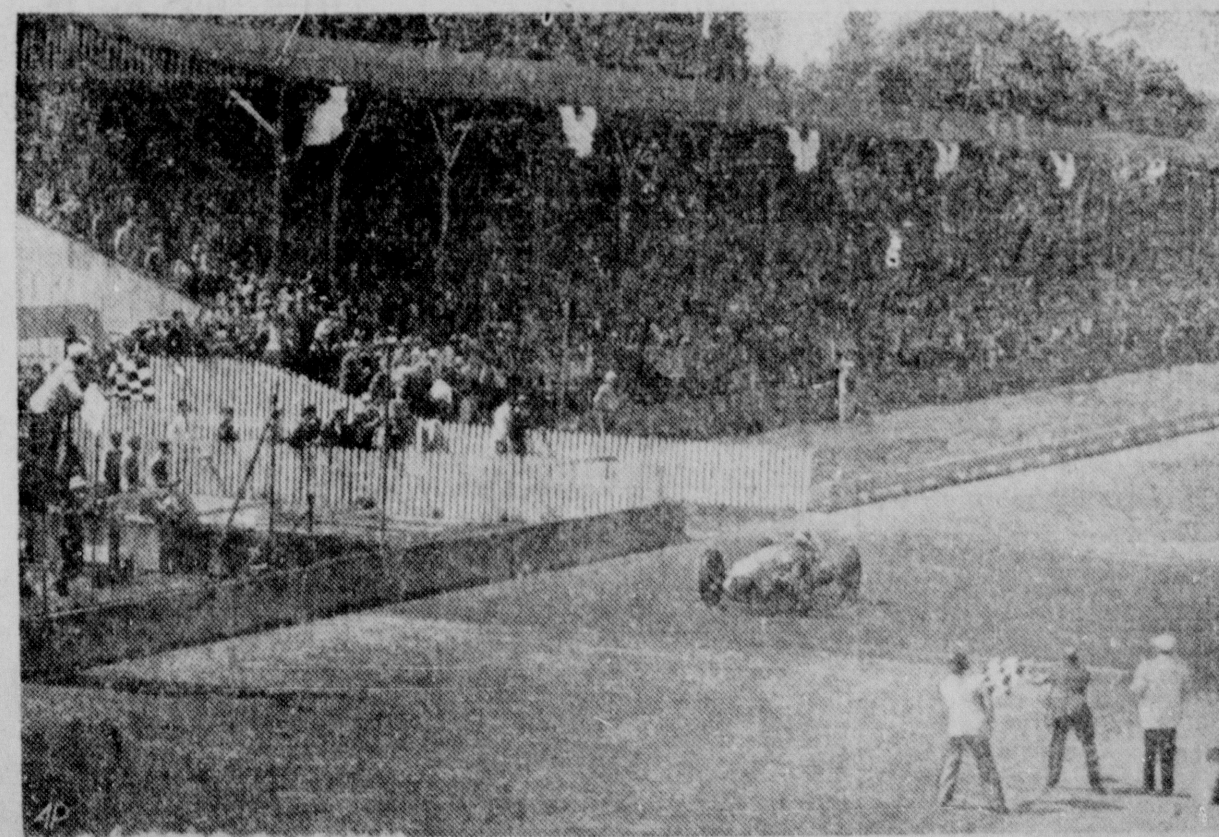

**TROTting CLASSIC** — At Goshen, N. Y., Hoot Mon (fourth from right) begins his drive to win the second heat of the Hambletonian in a record 2:00 flat. He went on to win the race.

**MAGNATE** — Robert E. Hannegan (above) resigned as U. S. postmaster general to head a syndicate which bought the St. Louis Cardinals baseball team from Sam Breau.

**TITLIST** — Jack Kramer (above) retained his title of men's national singles tennis champion, defeating Frank Parker in the Forest Hills final.

**500-MILE FINISH** — Mauri Rose, veteran driver, flashes across the finish line at Indianapolis to win the 1947 500-mile race with an average of 116 miles an hour.

Chapter 24

Pam and Brent Carter could extract little more information from the Constable, not because he was being shrewd and withholding it but for the simple reason that Clearview had long been such a mystery to Cove Pointers.

All the boy had been able to tell Binny after viewing the murdered man's body was that on three previous occasions this man had answered the back door at Clearview when the boy had attempted to sell lobsters there. The last time had been as short as a month ago and the house had seemed quite deserted except for the dark tight-lipped man with the light eyes.

"Thought, I'd better kind of warn you," Binny said. "Some party had character may be wanderin' around." His face reddened slightly and he deliberately avoided Pam's eyes. "Matter of fact, Mr. Carter, I might look kinda bad fer you except I sent the bullet to the state ballistics department an' they say it ain't from your gun."

"Oh yes, the gun—"

Brent felt Pam's gaze boring into him. Now is the time to tell Binny about your gun being stolen and Luisa Marel breaking into Clearview, was the telepathic message she was sending. He ignored it.

"But what reason would I have for killing a perfect stranger Constable?"

"Only have your word for it he was a stranger to you."

"Yes, but—"

"Besides," Binny's nut-brown face twisted into a weird grimace that was supposed to indicate humor. "They tell me people will do most anything to get a place to live these days."

Brent smiled with relief and Pam laughed almost hysterically. Binny emitted a dry strangled guffaw. His joke was even better than he'd realize. . . . must remember to repeat it to Crabtree.

"Like to have the owner's address—have to get in touch with him."

Brent wrote down Mr. Spence, Suite 602, Drake Bldg., New York, N. Y.

"We don't know the owner, Constable, but this is his lawyer. He's the one we made our arrangements with."

"I see," Binny eyed them both peculiarly. "Queer place, this—no one knows nothin' about it." He sighed. Evidently it pained him to admit that some facts were hidden from the law.

Pam didn't mention it during the day, but as they lay in bed that night she said "Why didn't you tell Binny, Brent?"

"What good would it have done? He couldn't find my gun—we're just guessing that it was Marston or Rossi. As for Luisa Marel—she didn't take anything. He could just arrest her for trespassing or breaking and entering. And can't you see Luisa turning those dreamy Mona Lisa eyes on him and talking him out of it?"

"I suppose so," Pam admitted grudgingly. "What do you think she's after? It must be very valuable and she must be pretty sure, she's so persistent."

"Maybe she wasn't lying when she said treasure."

The forerunners of Constable Binny's predicted gale were beginning to arrive. Wind whistled around the cottage and lashed the stand of hemlocks into a fury of thrashing branches. Zarathustra forsook his cushion on the floor and sprang to the foot of the Carter's bed to snuggle beneath the goose-down comforter. Once during

# 17 KILLED IN PLANE CRASH ALONG RIVER

By PERRY W. MULLEN

Savannah, Ga., Jan. 8 (AP)—The Atlantic's restless tides today seeped under the crumpled wreckage of a New York-to-Miami charter plane in which 17 persons, perhaps 18, died and nine were injured.

The big converted Army C-47, loaded mostly with homeward bound Puerto Ricans, arrived over the Savannah river marshlands eight miles southeast of here yesterday morning, its twin engines firing raggedly. Lazily the plane circled, abruptly went into a headlong dive, crashed and exploded.

**Seek Another Body**

The crew aboard a U. S. Army Engineer boat, working in the river, went to the rescue immediately, but even so it was nearly three hours before they could bring out the injured over a tortuous mile of mud, water and grass which intervened.

At last reports none of the surviving injured was in critical condition. They were taken to the Marine hospital here.

Because of a discrepancy in the plane's manifest list rescue workers planned to retrace their steps through the muck today in search of another body.

The plane's manifest in New York showed that 25 persons including an infant boarded the plane there, and two men came aboard in Philadelphia. So far only 26 have been accounted for among the dead and injured and no trace of an infant has been found.

The two men who boarded in Philadelphia, both of whom were killed, were identified last night as Harry Woodcock and Gerson Brody, both 27, and both employees of the U. S. Internal Revenue Department in Philadelphia. Woodcock was a division chief and Brody a deputy collector. They were en route to Miami.

The dead also included the pilot of the Coastal Airlines plane, Alvino Antoniolli. Co-pilot of the plane, Raymond Eich of Trenton, N. J., was among the survivors. He had been tossed clear of the plane and rescuers found him clad only in a necktie and shoes.

Eich said the pilot had warned him to prepare for a crash landing and that as the only other crew member he had gone aft to warn the passengers to fasten safety belts. He told one newspaperman that the plane had been having trouble with the gasoline feed.

**NEW GOP SLOGAN**

Washington, Jan. 8 (AP)—The Republican party came up with a 1948 victory slogan today: "Vote Republican in 1948—save what's left." In 1946 it was "had enough?"

congruously protecting it was a fairly modern screen door which, while useful against insects in summer, hardly seemed appropriate or defensible again coastal storms or winter blizzards. Still it remained. And now it was pushed back against the side wall of the house.

Pam and Brent hurried across the rain-soaked grass. Their footsteps echoed hollowly on the wooden porch. A quick glance told them that the door had not been blown back by the wind but securely hooked by a human hand. Pam's fingers clutched Brent's forearm apprehensively.

He tried the front door and it swung inward at his touch.

They stepped gingerly into the main hall then through it into the living room. Then with a mutual gasp of horror they stopped in their tracks!

The light that filtered in through the open front door was dim yet its gray shifting rays were strong enough to outline the ponderous body of ex-racketeer Vincenti Riccardo lying face up on the floor.

Routine physical examinations are necessary for the early diagnosis, and to aid in the early detection of an alert public should report to their family physician:

1. Sores that do not heal.
2. Painless lumps or thickenings.
3. Irregular bleeding or discharge.
4. Progressive change in the size or color of a wart or mole.
5. Persistent indigestion.
6. Persistent hoarseness or unexplained cough.
7. Changes in normal bowel habit.

68 Are Treated  
"An over-all total of 68 cases were treated having an average age of 63 years. Sixty-three per cent of the cases were 60 or more years of age. There were 31 males and 37 females. Seven patients died within the year from their cancer, and one from another cause. Of the 60 living patients 15 have a definitely excellent prognosis. The most common tumors encountered were those of the skin, breast, and the prostate." Doctor Wolff said.

Dr. J. L. Boyer reported on the progress of the department on X-ray therapy for tumors. To date a total of 26 persons have been treated. Results are not available inasmuch as the department has been functioning less than a year.

Lauds Local Hospital  
"It is important to note that our local hospital is supplied with sufficient radium, equipped with the necessary X-ray equipment, and staffed with men trained in surgery, X-ray, radiology, and pathology which is so important in the proper diagnosis of the disease. This permits our local hospital to function as one of the most modern and up-to-date cancer detection and treatment centers," he said.

Doctor Wolff commended Dr. Roy Gifford, Doctor Boyer, and Doctor Harold Johnson for their cooperation in this work.

## EMMITSBURG PTA TO HOLD PARTY FEB. 6

Emmitsburg — The Parent-Teachers Association of St. Joseph's high school held its meeting Tuesday evening in the high school. Mrs. Leonard Sanders, president, presided. The meeting was begun by a prayer by the principal. Sixteen par-

ents and five teachers were present. The treasurer reported a balance of \$233.17. The turkey supper was again discussed but no definite plans were made due to the high price of turkeys. Mrs. Thornton Rodgers, chairman of the Christmas dance committee, reported the dance tickets amounted to \$62.50; two donations totalling \$12 were received and the rummage sale held December 6 totaled \$41.16, making a total of \$115.66. The expenses of the dance were \$48.81, leaving a net profit total of \$66.85. A rising vote of thanks was given the committee in charge of the dance.

A letter of thanks was read by the president from the Junior class of the school thanking the Parent-Teachers association for the Christmas dance given them and indicated that they would also like a Valentine party. ## RUSSIANS MARK XMAS; RELIGION CAN'T BE DENIED

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

Religious people of Russia celebrated Christmas yesterday—that being December 25 according to the calendar of the Orthodox Eastern church—and throughout the vast union ruled by atheistic Communism the churches were crowded with worshippers.

Now that's both interesting and vastly important, because it pro-

streamers of pink crepe paper which were attached to the ends of the table. The gifts were numerous and useful. Those present were: Mrs. Helen Daugherty, Mrs. Charles D. Gillelan, Mrs. Marie Rosensteel, Mrs. Roy Maxwell, Mrs. O'Dale Keilholz, Mrs. Roland Fleagle, Mrs. Sterling Hemler, Miss Mary Theresa Topper, Margaret Bouey, Mrs. Charles Pitzer, Mrs. James Arnold, Mrs. Richard Rosensteel, Mrs. Brooke Herring and children, David and Jean Marie, Miss Lorraine Lowe, Mrs. Thomas Gilling, Miss Genevieve Kluger, Mrs. Roger Zurgable, Miss Ruth Neighbours, Helen Louise Neighbours, Margaret Neighbours, Mrs. George Green, Lulu Bushman, Mrs. Louis Stoner, Mrs. Everett Chrismer, Mrs. John G. Humerick, Mrs. Herbert Neighbours, Mrs. Joseph Boyle, Mrs. James Bouey, Mrs. J. Hunter Elliott, Mrs. Wiles Rightmire, Mrs. Leo Topper, Patty Jean Bower, Mrs. Frederick Bower, Mrs. Roy Bollinger, Susan Daugherty all of Emmitsburg, Mrs. Edna Crawford and Miss Ethel Crawford of Thurmont and Mrs. Henry Davis of Frederick.

vides further striking evidence that belief in God cannot be stifled.

Ever since Bolshevism came to power in Russia it has sought to wipe out religion on the ground that it is the opiate of the masses.

However, in 1943 it was announced that Premier Stalin had approved plans for the reestablishment of all the early rights and privileges of the Russian Orthodox church. It isn't clear just what developments have followed, but news despatches from Moscow do tell us that this Christmas was widely observed in religious services.

This doesn't mean by a long shot that Communism's efforts to kill religion have slackened; but merely that another line is being pursued.

**Religion Menaces Reds**

Thus far there has been little evidence that it is meeting with great success.

Still, one has the uncomfortable feeling that Bolshevism may be making progress with one vastly important but non-vocal section of the population under Red totalitarian rule, I refer to the children. If they are deprived of religious training, and atheism is driven into their young minds, they may come to regard religion as "the opiate of the masses." One safeguard against this is that parents who already have religion will, in some way, hand it on to the youngsters.

In any event, despite the efforts of Hitlerism and Bolshevism to destroy religion, I don't believe the trick can be done. Belief in God strikes me as being pretty well inherent to mankind, despite the relatively few dissenters.

And unless religion can be destroyed, Communism as practiced by Bolshevist Russia can't succeed, because totalitarianism and religion are incompatible.

Lasting peace hinges on trust and goodwill—and the hinges are rusty.

**Grid Team Wins**  
"When they were through 'practiced' and when their hair had grown to the regulation length, the Captain sent a challenge to the High School team. This challenge was eagerly accepted, and, after no practice, and much more talk, both sides, the great game, at last took place. St. Francis Xavier Team was victorious. In a single hour the members became heroes."

Advertisers in the paper include Mumper and Bender "Everything in the line of furniture and fixtures for the holidays in great variety." Lackner's Model Bakery, H. C. ## Most Of Truman Legislative Program Headed For Congressional Wastebasket

### FOREIGN AID AND SOCIAL SECURITY MAY BE PASSED

By WILLIAM F. ARBOGAST  
Washington, Jan. 8 (AP)—Most of President Truman's major 1948 legislative proposals, particularly his tax reduction and anti-inflation plans, appeared headed today for a congressional wastebasket.

But several, including rent control extension, foreign aid, broadened social security, higher minimum wages and civil rights guarantees, seemed likely to pass in compromise form.

Still others, such as National health insurance and compulsory military training, were lumped in the "highly doubtful" category.

**Tax Plan Doomed**  
Mr. Truman outlined the program yesterday in a 43-minute speech to a politically minded and election-conscious Congress which reacted generally along partisan lines. Republicans claimed Mr. Truman was playing politics. Democrats credited him with statesmanship.

But leaders of both the Republican majority and the Democratic minority left little doubt that they look for the President's tax and anti-inflation plans to be rejected after prolonged wrangling likely to lay the foundation for this year's Presidential and Congressional elections.

Mr. Truman asked Congress to give every individual taxpayer an immediate cut of \$40 for himself and each dependent and to offset the estimated \$3,200,000,000 revenue loss by boosting corporate levies.

**GOP Reaction**  
He asked also for the inflation curb powers he was denied last month, including standby wage-price control and rationing authority.

Describing his tax plan as a "cost of living" credit to provide relief for the low income group, the President said corporations are well able to make up the revenue loss. He insisted that so long as inflation threatens, total revenues should not be reduced.

The immediate Republican reaction was to speed plans for passage of the GOP bill to top \$5,000,000.00 from the tax take by boosting personal exemptions, applying the community property principle to all states and trimming all tax rates from the highest brackets down to the lowest.

Rep. Knutson (R-Minn.), author of the GOP measure and chairman of the House Ways and Means committee, termed Mr. Truman's proposal "dead as a mackerel."

And while House minority leader Rayburn of Texas declared "I don't concede anything," some Democrats said they are inclined to agree with Knutson's view.

In requesting standby rationing and price-wage control powers, Mr. Truman said "High prices must not be our only means of rationing."

Republican reaction on this score was reflected generally in the comment of Chairman Wolcott (R-Mich.) of the House Banking committee, that "Mr. Truman wants to turn this country into a police state."

Wolcott agreed, however, that rent control, expiring at the end of next month, will have to be extended.

Pending future strategy meetings—The House GOP Steering committee meets next week to look over the legislative program—party leaders privately predicted this outcome for other of Mr. Truman's proposals:

Compulsory military training—unlikely to be passed despite the insistence of top members of the House Armed Services committee for

### CONSERVATION OF OIL URGED

Harrisburg, Jan. 8 (AP)—Pennsylvania oil companies made ready today to adopt a program of voluntary rationing and conservation to alleviate the growingly acute fuel oil shortage.

### Relief At Last For Your Cough

the problem is one of conservation and equitable distribution of available supplies," he said.

The current fuel oil shortage amounts to about 15 per cent of the present output in the Philadelphia Metropolitan area, Matthews said. He added it was caused principally by a lack of tankers and refining facilities and an unexpectedly great increase in the number of new oil burner installations in homes.

Under both of the projected plans, now being studied by Gov. James H. Duff, homeowners will be asked to reduce fuel oil consumption and oil people to cut deliveries proportionately to the 15 per cent shortage, Matthews said.

It is estimated that rats destroy about four per cent of the U. S. grain and cereal crop.

# STASSEN TALKS WITH GOP HEADS AT HARRISBURG

Harrisburg, Jan. 8 (AP)—Top figures in the Pennsylvania Republican organization assembled here today for a look and a chat with Harold E. Stassen, announced candidate for the GOP Presidential nomination.

The leaders were invited to an hour-long informal buffet luncheon at a local hotel within a stone's throw of the Keystone state capitol and there were indications that both Republican Gov. James H. Duff and GOP State Chairman M. Harvey Taylor would be numbered among the guests.

Cooke in Charge

The luncheon was arranged by Col. Jay Cooke, Philadelphia Republican and Stassen manager in Pennsylvania, with the announced giving of key figures in the Republican party in this state a chance to become better acquainted with the Minnesotaan.

Duff, who is expected to head Pennsylvania's 73 delegates in the national convention next June, has called repeatedly for his party to hold off from any commitments on Presidential candidates until convention time and then to back the man "the people want."

In a speech before the Golden Slipper Square club, a fraternal organization, at Philadelphia last night, Stassen voiced his opposition to the tax cut plan presented by President Truman to Congress yesterday.

Urges General Tax Cuts

"Tax reduction must be across the board," Stassen said. "A \$3,000,000,000 tax cut all along the line will enable the U. S. to maintain a sound balance of the budget, leaving one or two billion in reserve."

In an earlier speech before the Locust club, the former Minnesota governor said: "I do not agree with the tax approach which the President took in his message (to Congress). It is not a sound approach to taxes in this country. Specifically, I think we could cut about three billion dollars off our taxes and we ought to do it across the board. I do not believe it is sound to segregate some special groups for a cut."

Speaking of the country's foreign policy, Stassen said: "The road to peace can not be paved with jelly-like blocks of appeasement. The doctrine that man is meant to be free will help the United States bring freedom to the world and prove a third world war can be averted."

## DENOMINATIONS HIT BY DOUGLASS

Buck Hill Falls, Pa., Jan. 8 (AP)—The Protestant churches of the United States rapidly are losing the allegiance of the people through their failure to overcome historical and institutional differences, says Dr. Truman B. Douglass, executive vice president of the board of Home Missions of the Congregational church.

Dr. Douglass yesterday told delegates representing 23 denominations at the Home Missions council

D. C., and Arlington, Va., over the week-end.

Mr. and Mrs. Roger Gebhart and family, of York, spent Sunday with Mr. and Mrs. Thomas Gebhart.

Miss Anna Sneeringer has returned to Baltimore after spending New Year with her parents, Mr. and Mrs. Clarence Sneeringer.

Mrs. Thomas Gebhart spent several days last week with Mr. and Mrs. Allen Gelwicks in Emmitsburg.

Joseph Storm, Leon Hawn and Martin Seymour, Jr., returned to St. Charles College, Catonsville, Md., this week after spending the holidays at their homes here.

that the Protestant churches in this country must make a radical break with the present denomination system.

Pointing out that "there are more people without church membership today than at any time in the nation's history," Dr. Douglass said: "How can the churches of America plead with the United Nations to heal their differences when the plea is spoken in the voices of 256 denominations who themselves have been unable to get together?"

## LIVESTOCK FOR SHOW ARRIVES

Harrisburg, Jan. 8 (AP)—Carloads of livestock from farms throughout Pennsylvania were unloading here today for competition in the 32nd annual state farm show, opening Monday.

More than 1,400 animals—the largest livestock collection in state farm show history—is scheduled to be exhibited during the five-day agrarian classic.

### PILOT ERROR FATAL

Washington, Jan. 8 (AP)—The death of First Lt. John W. Heller in an airplane crash at East Weisport, Pa., last July resulted from "loss of control and pilot error," an Air Force investigating board said. The board ruled yesterday after interviewing witnesses and other interested persons. The army officer was killed when his plane crashed on a routine flight July 13.

### CITRUS FIGURE DIES

Winter Park, Fla., Jan. 8 (AP)—Joshua Coffin Chase, 89, leading figure in the citrus industry and banker, died at his home yesterday after an illness of six weeks. A former resident of Germantown, Pa., a Philadelphia suburb, he was credited with developing the standard nail box for shipping fruit.

## Elias Lutheran Church Was Organized In 1757

(This is the third installment of the history of Elias Evangelical Lutheran church, Emmitsburg.)

### Elias Lutheran Stands Alone

On August 1, 1852, Rev. John Welfley, just graduated from the Gettysburg Theological seminary, preached to the Emmitsburg congregation and was elected pastor four weeks later, entering upon his official duties as pastor October 24.

During the time of the cholera plague in 1833, much distress and sorrow came to Emmitsburg. Rev. Welfley had the arduous work incident to the life of a pastor in visiting the suffering and the dying.

After a faithful and diligent discharge of duties as pastor of the Emmitsburg charge for nearly two years, Rev. Welfley deemed it expedient to discontinue his pastoral connection in October 1854.

Next to serve as preacher was Rev. George S. Collins. He came to Emmitsburg, November 5, 1854, not as a regular pastor, but merely to supply the pulpit which he did most acceptably on seven Sundays at intervals of two weeks. His pulpit ministrations were characterized by earnest, animated delivery and a rapid, nervous style.

Since the Constitution of Evangelical Lutheran church of Emmitsburg called for a regular pastor, instead of a supply preacher, the congregation invited Reverend Henry Bishop to minister to their spiritual needs. He accepted and entered upon his duties September 1, 1855. During his pastorate the church at Fairfield was built and the membership at Fountain Dale for the most part was transferred. After a happy pastoral relation of seven years and four months, Rev. Bishop resigned from his position December 8, 1862, to accept a call to become minister in Baltimore.

### War-Time Pastor

Rev. Bishop's successor was Rev. Washington V. Gotwald, unanimously elected by the congregation January 15, 1863.

During the strife of the Civil War, Rev. Gotwald was pastor of the Emmitsburg Lutheran congregation. As an adherent and advocate of the Union he was earnest and outspoken in his pulpit utterance. A sermon of his which made a deep impression upon his audience was a memorial sermon for President Lincoln after his assassination.

In 1866, Rev. Gotwald resigned to accept the pastorate of St. John's Lutheran church, Lancaster, Pa.

### Mr. Johnston's Pastorate

A long and well-remembered pastorate now follows—to continue almost a quarter of a century. Rev. Elias S. Johnston preached his first sermon as pastor November 18, 1866. Emmitsburg and Fairfield congregations composed his charge. When he began his ministry in 1866, the charge had 390 members; when he left in 1888, it was a charge of 591 members—a gain of 201 members over all losses. He preached two sermons each Lord's Day, the lecture every Wednesday evening and taught the Catechetical class on Saturdays. During his pastorate of twenty-two years, he preached 3,624 sermons, lectures and addresses on an average of 165 per year.

In 1869, during Rev. Johnston's pastorate, the Lutheran congregation bought the half ownership of the church from the Reformed congregation for \$1,500.

Reverend Luther De Yoe supplied the congregation from January 26, 1889, until April 1, while he was in the Gettysburg Theological Seminary. He preached his first sermon as regular pastor on April 7, 1889, and his last sermon August 23, 1891. During his earnest ministry, he received 101 persons into communicant membership.

In 1890, the church was re-frescoed and a pipe organ, purchased from St. Matthew's Lutheran church, Philadelphia, was installed.

Among the church records is found the letter of resignation from Rev. De Yoe.

### "Grace and Peace"

July 11, 1891

"To the council of St. Elias Lutheran church, Emmitsburg, Md.

"Having received a call from the Messiah Lutheran congregation, Harrisburg, Pa., and desiring to accept the same, I most respectfully submit to you my resignation as pastor of this church. I trust that you will kindly be disposed to accept the same. My services until September 1st are gladly placed at your disposal. I pray that God will guide you in the selection of my successor and that Heaven's richest blessing will prosper you in the work God has for you to do here. Permit me to say through you to the congregation that while I may be removed from your midst, I can never cease to be indebted to and love a people who for two years and a few months have been most constant in their acts of consideration and kindness. I cannot close this paper without extending my special thanks to you brethren of the council, your wise advice and thorough devotion to the welfare of the church have been of the highest value to me. Trusting that in the duties this step of mine imposes upon you, you may have especial light from Him whose light we always see the best.

I am most fraternally,  
**LUTHER DE YOE**"

After a pastoral vacancy of about eight months, Reverend Oscar Klingner was elected pastor in May, 1892. He entered upon his official duties on June 12, 1892, and delivered his last sermon August 28, 1892—resigning in order to accept the principalship of the Preparatory Department of Pennsylvania college.

On August 21, 1892, Reverend Charles Reinwald preached his first sermon in Elias Lutheran Church. He was elected pastor August 28, and preached his introductory sermon October 16, 1892. His last sermon was preached May, 1920, ending a pastorate of almost twenty-eight years.

Many internal improvements were made in 1897 when the centennial of the erection of the church was celebrated. The elegant and artistic pulpit was given as a memorial of her parents, John and Savilla Sheets, by Mrs. Edgar Miller of Baltimore. The beautiful memorial windows and new pews were also installed at that time.

## GOP PREPARES FOR BIG MEET

Washington, Jan. 8 (AP)—Machinery for running the Republican National convention was virtually completed today with the naming of committees on rules, contests and convention call.

Clarence Buddington Kelland, author and national committeeman for Arizona, was named chairman of rules; Ezra Whitla, Idaho, chairman of contests, and Gov. Ralph Gates of Indiana, chairman of convention call.

Chairman Carroll Reece of the national committee announced the appointments.

A committee on convention arrangements was named last July, headed by Walter Hallahan of West Virginia.

The only important posts remaining to be filled are those of permanent chairman and keynoter.

The national committee also announced plans for the party's "vic-

tory march" Lincoln Day dinners next month. It said the steering committees of Congress have agreed to "subordinate" activities on the floor of both Houses the week of February 9-14 so that Republican members may be free to travel for speaking engagements.

The opening dinner will be held here February 5, with Gov. James H. Duff of Pennsylvania the speaker. Several senators will make tours, with Sen. Edward Martin (Pa.) to visit Illinois, Kansas and Missouri.

SEES CONFUSING YEAR AHEAD FOR JOHN Q. PUBLIC

By JAMES MARLOW

Washington, Jan. 8 (AP)—You're the one who'll have the bad time in 1948 trying to figure who's to blame. It's no cinch.

You won't get a chance to forget this is an election year for president and most members of Congress.

The Democrats and Republicans will be blaming one another all year for the things that go wrong at home and abroad.

You'll get hit from both sides. In the end you'll have to find your own answer. You got a taste yesterday of what's in store.

**Opposition Lets Loose**

Yesterday President Truman told Congress what he thinks it should do in 1948 to make this a better world to live in.

But he was talking to a Congress controlled by Republicans and he's pretty sure to be the Democrats' candidate for president.

As soon as he had finished the Republicans started calling his speech a political speech to get votes. The Democrats, or some of them said it was fine.

But even the Republicans weren't agreed on why they didn't like it. Rep. Taber of New York said part of it was "reactionary." Rep. Halleck of Indiana said it was aimed at getting "radical votes."

Since the Democrats and Republicans will be bouncing that speech around all year, what do you think? Was it good, bad, radical or reactionary?

tax on corporations wouldn't be changed.

Mr. Truman came along yesterday with his own plan for cutting taxes. Under that one everyone would also get a cut and perhaps 10,000,000 people would be saved from paying any tax.

But Mr. Truman says the government wouldn't lose on this deal. He'd raise the tax on corporations to make up for what was lost by cutting individuals' taxes.

**Veto Looms**

Right away the Republicans said boosting corporation taxes would discourage business. They said they don't want any part of the Truman plan. They said they'll push Knutson's through.

Suppose they pass Knutson's plan and Mr. Truman kills it with a veto. He might do it on the grounds that Knutson's plan would cost the government money while his wouldn't.

Then, if the Republicans refused to pass Mr. Truman's plan, you'd get no tax cut in 1948. Who'd be to blame? Mr. Truman or the Republicans.

**Who's To Blame?**

Then there's the cost of living. A couple of months ago Mr. Truman asked Congress for power to put back price control if he thought it was needed.

The Republicans refused. Mr. Truman asked for it again yesterday. Will the Republicans give it to him? Maybe not.

Then who'll be to blame—Mr. Truman or the Republicans—if prices climb out the window? You think it's easy to tell? Just look back a bit.

Who really ended OPA? That happened only little over a year ago. Mr. Truman says the Republicans did it. Some of them say he did it. Who did it? Do you know for sure?

NAMED REFEREE

Philadelphia, Jan. 8 (AP)—Russell L. Hiller, of Reading, has been appointed referee in bankruptcy for the area comprising Berks, Lancaster, Lehigh, Northampton and Schuylkill counties. Hiller, an assistant U. S. Attorney, was named yesterday at a meeting of five U. S. district judges. He will assume his new duties in about 10 days.

REDS REMOVED FROM ELECTIVE POSTS IN BRAZIL

By HOYT WARE

Rio De Janeiro, Jan. 8 (AP)—The last vestige of legality was withdrawn today from the Brazilian Communist party, probably the largest in the Western Hemisphere.

The chamber of deputies enacted, and President Eurico Gaspar Dutra immediately signed last night, a law removing all Communists from elective posts throughout the nation. Those affected included a senator, 14 deputies, 60 members of state legislatures and 18 members of the Rio De Janeiro city council. The senate had passed the bill previously.

The Communist party itself, which claims from 180,000 to 200,000 members in state and local elections last January, was outlawed on May 7 by a three to two ruling of the supreme electoral tribunal. That ruling did not affect the status of office holders previously elected.

Brazil broke off diplomatic relations with the Soviet Union on October 21 because of articles in the Russian press attacking the president and the Brazilian army.

The chamber of deputies approved the new law, 181 to 74, at the end of one of the most turbulent legislative sessions in Brazilian history.

Three deputies pulled guns on Communists in the chamber but did not fire. Fist fights broke out. Police clashed with mobs inside the chamber, and there was such turmoil outside that police almost had a riot on their hands before quelling the disturbance.

As the balloting ended, spectators in the galleries and the Communist

deputies on the floor shrieked: "Traitors."

Communist Deputy Mauricio Garbols cried that President Dutra's "Fascist" regime had sold out to "Wall Street and North American Imperialism. This government is rotten," he shouted, "and will collapse by a movement of the masses."

**Lt. Tooley To Leave State Police Force**

Philadelphia, Jan. 8 (AP)—Lt. James J. Tooley, a native of Danville, Pa., and director of state police counter-intelligence and investigation of subversive activities during World War Two, is resigning from the state police force after 21 years of service.

It was announced here yesterday that Tooley will become assistant to the regional service manager of the Kaiser-Frazer Corp. Tooley became an authority on highway safety during his police service as a highway inspector.

There are about 54,600,000 telephones in the world. A snake which is coiled up like a rope cannot strike.

★ The infantile death rate in the United States is very low. From 1934 to 1936 we ranked seventh in the world, led only by New Zealand, Holland, Australia, Norway, Switzerland, and Sweden.

Yet 70,000 infants die annually in the first month of life, and 53,000 more from the second to the twelfth month. How many of these precious infants might have lived had their mothers had adequate prenatal care under the direction of a competent physician?

It is now up to the mothers to take advantage of the knowledge and skill of the physician during the trying months of pregnancy. We are ready to supply the needed dietary supplements and other medication ordered by your physician.
